Dear Mr. Newton:

COMMENTS ON DRAFT 2005 ANNUAL TIME-CRITICAL REMOVAL ACTION PERFORMANCE EVALUATION REPORT, OU-1A, FORMER MARINE CORPS AIR STATION, TUSTIN

We have completed our review of the above-referenced document, dated April 2006, which we received on April 12, 2006. This document contains the analytical results for water samples that were collected in 2005 from the site's groundwater monitoring wells and treatment system. The data are being used to evaluate the effectiveness of the groundwater extraction and treatment system, which was installed to prevent further migration of 1,2,3-trichloropropane contaminated groundwater. We concur with the report.

If you should have any questions, please call me at (951) 782-4498, or send e-mail to phannon@waterboards.ca.gov.

Sincerely,

Patricia A. Hannon
